**Subject:** RE: Letter re Retrieval of Personal Items fr West Fertilizer Site

I have called and spoken to John McCoy regarding the contents of the CD's/DVD's which he is requesting be removed from the site. I advised that I objected to the removal of anything which might identify the source of any of the fertilizer products which were on site at the time of the accident. He said he would get with his client to find out more about what is on the discs. I advised that I thought the discs should at the very least be copied and the originals held by Crane. He said he would get back to me.

which may be a computer program. This attached computer program could contain a computer virus which could cause harm to EPA's computers, network, and data. The attachment has been deleted.

This was done to limit the distribution of computer viruses introduced into the EPA network. EPA is deleting all computer program attachments sent from the Internet into the agency via Email.

If the message sender is known and the attachment was legitimate, you should contact the sender and request that they rename the file name extension and resend the Email with the renamed attachment. After receiving the revised Email, containing the renamed attachment, you can rename the file extension to its correct name.

For further information, please contact the EPA Call Center at (866) 411-4EPA (4372). The TDD number is (866) 489-4900.
